

## **ACP Closing the Gap Program**

Closing the Gap: Diabetes Care (CTG) is a team-oriented, practice based, 12 months on-line educational intervention. This program provides physicians with the tools needed to help improve the care they provide to patients with diabetes. This program incorporates the Chronic Care Model for systems change, and the Plan-Do-Study-Act (PDSA) cycle for quality improvement. Participants will be able to receive traditional as well as practice-based CME credit for Part 4 MOC and possibly qualify for the NCQA Diabetes Recognition award. Click [here](#) to learn more.

For more information or to enroll, contact the Quality Improvement program at (212) 279-9686 xt. 660.
