

Race, Ethnicity and Language Data Collection

We'd like to ask you about your race, ethnicity, and language.

Your information will be kept completely confidential.

The reason we ask is to help us make sure we provide culturally sensitive care in your preferred language.

We ask all of our patients these questions.

Collecting this information from everyone who comes here helps us see how we are doing with different groups, and where we need to improve.

We want to make sure everyone gets the best care possible.
